If you're flying in to see us, our main airport is **Regional Southwest Airport (RSW)**, which is about a 20-minute drive from our office. Another close airport is in Punta Gorda (PGD), but they have limited flights and are a 45-minute drive from our office. If you are only in Florida for the training, we do not recommend flying in or out of Tampa, Miami or Orlando, as those drives can be 3-5 hours with traffic and delays.
